Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application. Please cancel claims 1-4, 13-21 and 23-26 without prejudice or disclaimer, and amend claims 5-12 so that the current status of all claims is as follows:

Listing of Claims:

- 1-4. (canceled)
- 5. (currently amended) A photosensitive data storage product made of comprising a material on which digital data may be formed, the digital data comprising discreet image elements discrete optical images formed by exposure to light.
- 6. (currently amended) [A] <u>The photosensitive data storage</u> product according to claim 5 wherein product comprises a support structure having a photosensitive layer thereon.
- 7. (currently amended) [A] <u>The photosensitive data storage</u> product according to claim 6 wherein said photosensitive layer includes photochromic molecules.
- 8. (currently amended) [A] The photosensitive data storage product according to claim 6 wherein said photosensitive layer comprises a fluorescent material.
- 9. (currently amended) A photosensitive data storage product according to claim 6 wherein said photosensitive layer comprises a silver halide emulsion.
- 10. (currently amended) [A] <u>The photosensitive data storage</u> product according to claim 5 wherein digital data is no greater than 500 microns.

12/29/2005 01:45

- 11. (currently amended) [A] The photosensitive data storage product according to claim 6 wherein a protective layer is provided over said photosensitive layer.
- (currently amended) [A] The photosensitive data storage 12. product according to claim 5 wherein said product comprises a disc.

13-21. (canceled)

22. (original) A storage device having a photosensitive layer capable of retaining an optical image thereon and wherein the optical images may be written in a digital format that can also be read digitally.

23-26. (canceled)
